Dear Sir,

Thank you for your letter of 18/06/2021, which has been registered as a complaint under reference number CHAP(2021)02407 (please quote this reference in any further correspondence).

The Commission's services will consider your complaint in the light of the applicable European Union law. You will be informed of the findings and of any steps taken concerning your complaint by ENV-CHAP@ec.europa.eu.

You may opt for confidential or non-confidential treatment of your complaint. If you have not done so in the complaint form, the Commission's services will by default treat your complaint confidentially. If you choose non-confidential treatment, the Commission departments may disclose both your identity and any of the information submitted by you to the authorities of the Member State against which you have made your complaint. The disclosure of your identity by the Commission's services may in some cases be indispensable to the handling of the complaint.

Please note that, if the Commission decides to act following your complaint, including by launching a formal infringement procedure, its general aim is to ensure that Member State laws are compliant with EU law and correctly applied. The submission of a complaint to the Commission may thus not resolve your specific and individual situation. In order to obtain redress, including compensation if warranted, you should take action at national level in the Member State concerned. Submitting a complaint to the Commission does not suspend the time limits for starting legal action under national law. The Commission may also decide not to open formal infringement procedures, even if it considers that a breach of EU law has occurred.

You can find further information on infringement procedures for breaches of European Union law in the annex to this letter.

Yours faithfully,

Paul Speight
Head of Unit

Hi Loreto,
Those dates/times present difficulties for us.
Would 12:30pm on Monday Feb 28th suit MCC officials?
Regards,
Roy

Thank-you, Loreto.

NPWS NE Regional Management will be available to meet on site, if we can find a date that suits. Can you suggest a number of dates, and we'll hopefully find one to suit all involved.

Regards,

Roy

Hi Roy,

The council does not own the lands at Mornington (they are in private ownership). The purpose of our meeting might focus on NPWS engaging with the landowners and arising from which we possibly could offer support to the landowners to provide bollards etc to reduce vehicular access to the dunes : where this would not require extensive AA or planning assessments.

Proposed to attend from Meath CoCo would be Larry Whelan (SEO Environment). David Keyes (Senior Executive Engineer, Environment), Christy Clarke (MD Engineer), Bernadine Carry (Environmental Awareness Officer) and Loreto Guinan (Heritage Officer).

Hi Loreto,

I note your request for a site meeting at Mornington, between MCC and NPWS.
Can you provide details of the purpose of the meeting, please, and which personnel from MCC will attend.

Regards,

Roy Thompson
